Spring 1942

SPRING GREETINGS!

There is comfort in a garden
Where faith and hope abound,—
As tiny growing things take wing
And rise triumphant from the ground.

There is courage in a garden
That lifts dull spirits higher,—
While they, like Vestals, toil and pray
And watch the garden's holy fire.

This springtime—like no other—brings us the patriotic duty of keeping America's gardens beautiful, friendly and restful. At the same time we shall bend added efforts to make our Victory Gardens a success.

FISHER FLOWER FARM is ready to supply your needs, hardy plants of all kinds, the choicest and most beautiful annual plants for garden and window box, herb and vegetable plants, and a dependable collection of vigorous everblooming roses.

Our service includes trained and experienced consultants to help you with landscape plans, garden designs, and maintenance problems. If you will write or telephone, we shall be glad to discuss changes and improvements for your home grounds. We have experienced workmen to execute landscape plans and to plant gardens.
